

Key Questions

There are questions you will be asked multiple times that you can prepare for. Create one-minute statements that answer these five questions:

1 Who are you?

2 How are you qualified to be an elected representative?

3 Why are you running for office?

4 What are you proposing to do to improve the lives of citizens?

5 What is at risk if people don't support your candidacy (things will remain the same, problems will not be addressed, etc.)?
